Warrenton, North Carolina

The highways of life lead to . . .

Foreword

The highways of life lead to . . .

The future. The future is constructed of past and present. John Graham, as our past and present, is the road leading to our future. The goals that we strive for have been molded by our past experiences of learning and of attaining our education. Our school is the foundation for our education and a highway for the fulfillment of our life's future goals. Indeed John Graham is the beginning of our journey through life.

Dedication

Teaching is a full time occupation which demands dedication and perserverance on the part of the individual. But the individual must be willing to sacrifice his time and ability to help others. We feel that we have found such an individual here at John Graham. He is more than a teacher; he is a friend. He is a man who is dedicated to the betterment of this school through the individual student. Whether at a game or in a classroom, his drive and spirit of fair play are always in evidence.

In gratitude for your untiring devotion and unselfish attitude toward the students and faculty here at John Graham, we proudly dedicate the 1967 Warrentonian to you,

Experience Ran Second to Desire

Faced with only a few lettermen returning, Coach Jimmy Webb diligently and patiently worked to develop a team. Although the inexperience showed, his great coaching produced one of the best teams in Class A Ball.

Being the only two seniors on the team, their leadership was needed more. They guided the team to victory and showed them how to accept defeat. They were not only leaders but friends to their teammates.

The highways of life

lead to . . .
